SUMMARY

B.Tech Computer Science student with a foundation in Java, SQL, and Spring Boot. Interested in software development and continuously improving problem-solving and programming skills.

EDUCATION

Galgotias University

2023 – 2027

B.Tech in Computer Science and Engineering

CGPA: 8.2/10

SKILLS

Languages: Java, SQL

Frameworks: Spring Boot

Concepts: Data Structures & Algorithms, OOP, DBMS

Databases: MySQL

Tools: Git, GitHub, Postman

PROJECTS

Campus-Connect | Java, Spring Boot

May 2026 – Jun 2026 | [GitHub](#)

- Developed a backend system for university students to share resources and interview experiences.
- Implemented user registration and login features.
- Developed RESTful CRUD APIs using Spring Boot and MySQL.
- Designed a layered backend architecture for better code organization and maintainability.

Taskify | Java, Spring Boot

Nov 2025 – Dec 2025 | [GitHub](#)

- Developed RESTful APIs using Spring Boot for creating, reading, updating, and deleting tasks.
- Designed MySQL database tables to store user and task information efficiently.
- Handled API request validation and custom error responses across all backend endpoints.
- Tested and verified API endpoints using Postman to ensure reliable data handling.

ACHIEVEMENTS

- **LeetCode Rating: 1700+** with over **900+ Data Structures & Algorithms** problems solved.
- Participated in **65+ programming contests** to consistently refine speed and optimal logic implementation.
- Selected for iOS Bootcamp among the **top 5% of 4,000+ applicants** through a competitive coding exam; pitched an app prototype on stage.

LEADERSHIP & EXTRACURRICULARS

Proctor & Volunteer, Cyber Night National-Level CTF

- Monitored 100+ active participants, managed infrastructure logistics, and ensured strict adherence to competition rules.
